Walter,

I'm sure you remember that, some time back, the Tribal Police had requested a meeting with me to discuss whether or not Massena Management LLC would be interested in supplementing their operating budget to the tune of 2 additional officers. Although this letter is dated August 20, it just arrived today. Talk to you soon.

SUBJECT: Proposed Budget

In a Budget Proposal In 1995, the Chief of Police and the Board of Police Commissioners submitted a minimum operational budget to Tribal Council that was pending on Class III gaming. The budget included salary and related expenses for twenty additional police officers.

At this time, with Class III Gaming operational, the St. Regis Mohawk Tribal Police Department is understaffed. There are thirteen officers on alternating shifts working seven days a week, twenty-four hours a day.

Attached is a proposed budget for salary only for two additional officers. Any additional officers would be of great assistance at this time.

Any assistance you could provide in this matter would be appreciated. If you have any questions please call me.

  
Wesley Benedict, Chief of Police
